CONDITIONS OF SALE BY AUCTION

If the property is or is intended to be sold at auction:

Bidders Record means the Bidders Record to be kept pursuant to Clause 18 of the *Property, Stock and Business Agents Regulation 2003* and Section 68 of the *Property, Stock and Business Agents Act 2002*:

- (1) The following conditions are prescribed as applicable to and in respect of the sale by auction of land:
 - (a) The principal's reserve price must be given in writing to the auctioneer before the auction commences.
 - (b) A bid for the seller cannot be made unless the auctioneer has, before the commencement of the auction, announced clearly and precisely the number of bids that may be made by or on behalf of the seller.
 - (c) The highest bidder is the purchaser, subject to any reserve price.
 - (d) In the event of a disputed bid, the auctioneer is the sole arbitrator and the auctioneer's decision is final.
 - (e) The auctioneer may refuse to accept any bid that, in the auctioneer's opinion, is not in the best interests of the seller.
 - (f) A bidder is taken to be a principal unless, before bidding, the bidder has given to the auctioneer a copy of a written authority to bid for or on behalf of another person.
 - (g) A bid cannot be made or accepted after the fall of the hammer.
 - (h) As soon as practicable after the fall of the hammer the purchaser is to sign the agreement (if any) for sale.
- (2) The following conditions, in addition to those prescribed by subclause (1), are prescribed as applicable to and in respect of the sale by auction of residential property or rural land:
 - (a) All bidders must be registered in the Bidders Record and display an identifying number when making a bid.
 - (b) One bid only may be made by or on behalf of the seller. This includes a bid made by the auctioneer on behalf of the seller.
 - (c) When making a bid on behalf of the seller or accepting a bid made by or on behalf of the seller, the auctioneer must clearly state that the bid was made by or on behalf of the seller or auctioneer.

IMPORTANT NOTICE TO VENDORS AND PURCHASERS

Before signing this contract you should ensure that you understand your rights and obligations, some of which are not written in this contract but are implied by law.

WARNING—SMOKE ALARMS

The owners of certain types of buildings and strata lots must have smoke alarms (or in certain cases heat alarms) installed in the building or lot in accordance with regulations under the *Environmental Planning and Assessment Act 1979*. It is an offence not to comply. It is also an offence to remove or interfere with a smoke alarm or heat alarm. Penalties apply.

WARNING—LOOSE-FILL ASBESTOS INSULATION

Before purchasing land that includes any residential premises (within the meaning of Division 1A of Part 8 of the *Home Building Act 1989*) built before 1985, a purchaser is strongly advised to consider the possibility that the premises may contain loose-fill asbestos insulation (within the meaning of Division 1A of Part 8 of the *Home Building Act 1989*). In particular, a purchaser should:

- (a) search the Register required to be maintained under Division 1A of Part 8 of the *Home Building Act 1989*, and
- (b) ask the relevant local council whether it holds any records showing that the residential premises contain loose-fill asbestos insulation.

For further information about loose-fill asbestos insulation (including areas in which residential premises have been identified as containing loose-fill asbestos insulation), contact NSW Fair Trading.

COOLING OFF PERIOD (PURCHASER'S RIGHTS)

- 1. This is the statement required by section 66X of the *Conveyancing Act 1919* and applies to a contract for the sale of residential property.**
- 2. The purchaser may rescind the contract at any time before 5 p.m. on the fifth business day after the day on which the contract was made, EXCEPT in the circumstances listed in paragraph 3.**
- 3. There is NO COOLING OFF PERIOD:**
 - (a) if, at or before the time the contract is made, the purchaser gives to the vendor (or the vendor's solicitor or agent) a certificate that complies with section 66W of the Act, or**
 - (b) if the property is sold by public auction, or**
 - (c) if the contract is made on the same day as the property was offered for sale by public auction but passed in, or**
 - (d) if the contract is made in consequence of the exercise of an option to purchase the property, other than an option that is void under section 66ZG of the Act.**
- 4. A purchaser exercising the right to cool off by rescinding the contract will forfeit to the vendor 0.25% of the purchase price of the property. The vendor is entitled to recover the amount forfeited from any amount paid by the purchaser as a deposit under the contract and the purchaser is entitled to a refund of any balance.**

DISPUTES

If you get into a dispute with the other party, the Law Society and Real Estate Institute encourage you to use informal procedures such as negotiation, independent expert appraisal, the Law Society Conveyancing Dispute Resolution Scheme or mediation (for example mediation under the Law Society Mediation Program).

AUCTIONS

Regulations made under the Property, Stock and Business Agents Act 2002 prescribe a number of conditions applying to sales by auction.

WARNINGS

1. Various Acts of Parliament and other matters can affect the rights of the parties to this contract. Some important matters are actions, claims, decisions, licences, notices, orders, proposals or rights of way involving:

Australian Taxation Office	NSW Fair Trading
Council	NSW Public Works Advisory
County Council	Office of Environment and Heritage
Department of Planning and Environment	Owner of adjoining land
Department of Primary Industries	Privacy
East Australian Pipeline Limited	Roads and Maritime Services
Electricity and gas	Subsidence Advisory NSW
Land & Housing Corporation	Telecommunications
Local Land Services	Transport for NSW
NSW Department of Education	Water, sewerage or drainage authority

If you think that any of these matters affects the property, tell your solicitor.

2. A lease may be affected by the Agricultural Tenancies Act 1990, the Residential Tenancies Act 2010 or the Retail Leases Act 1994.
3. If any purchase money is owing to the Crown, it will become payable before obtaining consent, or if no consent is needed, when the transfer is registered.
4. If a consent to transfer is required under legislation, see clause 27 as to the obligations of the parties.
5. The vendor should continue the vendor's insurance until completion. If the vendor wants to give the purchaser possession before completion, the vendor should first ask the insurer to confirm this will not affect the insurance.
6. The purchaser will usually have to pay stamp duty (and sometimes surcharge purchaser duty) on this contract. If duty is not paid on time, a purchaser may incur penalties.
7. If the purchaser agrees to the release of deposit, the purchaser's right to recover the deposit may stand behind the rights of others (for example the vendor's mortgagee).
8. The purchaser should arrange insurance as appropriate.
9. Some transactions involving personal property may be affected by the Personal Property Securities Act 2009.
10. A purchaser should be satisfied that finance will be available at the time of completing the purchase.
11. Where the market value of the property is at or above a legislated amount, the purchaser may have to comply with a foreign resident capital gains withholding payment obligation (even if the vendor is not a foreign resident). If so, this will affect the amount available to the vendor on completion.
12. Purchasers of some residential properties may have to withhold part of the purchase price to be credited towards the GST liability of the vendor. If so, this will also affect the amount available to the vendor.

The vendor sells and the purchaser buys the *property* for the price under these provisions instead of Schedule 3 Conveyancing Act 1919, subject to any *legislation* that cannot be excluded.

- 2.2 *Normally*, the purchaser must pay the deposit on the making of this contract, and this time is essential.
- 2.3 If this contract requires the purchaser to pay any of the deposit by a later time, that time is also essential.
- 2.4 The purchaser can pay any of the deposit by giving cash (up to \$2,000) or by unconditionally giving a *cheque* to the *depositholder* or to the vendor, vendor's agent or vendor's *solicitor* for sending to the *depositholder*.

- 2.6 If the vendor accepts a bond or guarantee for the deposit, clauses 2.1 to 2.5 do not apply.
- 2.7 If the vendor accepts a bond or guarantee for part of the deposit, clauses 2.1 to 2.5 apply only to the balance.

- 3.3 If the *deposit-bond* has an expiry date and completion does not occur by the date which is 14 days before the expiry date, the purchaser must serve a replacement *deposit-bond* at least 7 days before the expiry date. The time for service is essential.
- 3.4 The vendor must approve a replacement *deposit-bond* if –
- 3.4.1 it is from the same issuer and for the same amount as the earlier *deposit-bond*; and
 - 3.4.2 it has an expiry date at least three months after its date of issue.
- 3.5 A breach of clauses 3.2 or 3.3 entitles the vendor to *terminate*. The right to *terminate* is lost as soon as –
- 3.5.1 the purchaser serves a replacement *deposit-bond*; or
 - 3.5.2 the deposit is paid in full under clause 2.

 - 4.1.2 particulars required to register any mortgage or other dealing to be lodged with the transfer by the purchaser or the purchaser's mortgagee.
- 4.2 If any information needed for the form of transfer is not disclosed in this contract, the vendor must serve it.
- 4.3 If the purchaser serves a form of transfer and the transferee is not the purchaser, the purchaser must give the vendor a direction signed by the purchaser personally for this form of transfer.
- 4.4 The vendor can require the purchaser to include a form of covenant or easement in the transfer only if this contract contains the wording of the proposed covenant or easement, and a description of the land benefited.

5 Requisitions

- 5.1 If a form of *requisitions* is attached to this contract, the purchaser is taken to have made those *requisitions*.
- 5.2 If the purchaser is or becomes entitled to make any other *requisition*, the purchaser can make it only by serving it –
- 5.2.1 if it arises out of this contract or it is a general question about the *property* or title - *within* 21 days after the contract date;
 - 5.2.2 if it arises out of anything served by the vendor - *within* 21 days after the later of the contract date and that service; and
 - 5.2.3 in any other case - *within* a reasonable time.

6 Error or misdescription

- 6.1 The purchaser can (but only before completion) claim compensation for an error or misdescription in this contract (as to the *property*, the title or anything else and whether substantial or not).
- 6.2 This clause applies even if the purchaser did not take notice of or rely on anything in this contract containing or giving rise to the error or misdescription.
- 6.3 However, this clause does not apply to the extent the purchaser knows the true position.

7 Claims by purchaser

The purchaser can make a claim (including a claim under clause 6) before completion only by *serving* it with a statement of the amount claimed, and if the purchaser makes one or more claims before completion –

- 7.1 the vendor can *rescind* if in the case of claims that are not claims for delay –
- 7.1.1 the total amount claimed exceeds 5% of the price;
 - 7.1.2 the vendor *serves* notice of intention to *rescind*; and
 - 7.1.3 the purchaser does not *serve* notice waiving the claims *within* 14 days after that *service*; and
- 7.2 if the vendor does not *rescind*, the *parties* must complete and if this contract is completed –
- 7.2.1 the lesser of the total amount claimed and 10% of the price must be paid out of the price to and held by the *depositholder* until the claims are finalised or lapse;
 - 7.2.2 the amount held is to be invested in accordance with clause 2.9;
 - 7.2.3 the claims must be finalised by an arbitrator appointed by the *parties* or, if an appointment is not made *within* 1 month of completion, by an arbitrator appointed by the President of the Law Society at the request of a *party* (in the latter case the *parties* are bound by the terms of the Conveyancing Arbitration Rules approved by the Law Society as at the date of the appointment);
 - 7.2.4 the purchaser is not entitled, in respect of the claims, to more than the total amount claimed and the costs of the purchaser;
 - 7.2.5 net interest on the amount held must be paid to the *parties* in the same proportion as the amount held is paid; and
 - 7.2.6 if the *parties* do not appoint an arbitrator and neither *party* requests the President to appoint an arbitrator *within* 3 months after completion, the claims lapse and the amount belongs to the vendor.

8 Vendor's rights and obligations

- 8.1 The vendor can *rescind* if –
- 8.1.1 the vendor is, on reasonable grounds, unable or unwilling to comply with a *requisition*;
 - 8.1.2 the vendor *serves* a notice of intention to *rescind* that specifies the *requisition* and those grounds; and
 - 8.1.3 the purchaser does not *serve* a notice waiving the *requisition within* 14 days after that *service*.
- 8.2 If the vendor does not comply with this contract (or a notice under or relating to it) in an essential respect, the purchaser can *terminate* by *serving* a notice. After the *termination* –
- 8.2.1 the purchaser can recover the deposit and any other money paid by the purchaser under this contract;

 - 10.1.2 a service for the *property* being a joint service or passing through another property, or any service for another property passing through the *property* ('service' includes air, communication, drainage, electricity, garbage, gas, oil, radio, sewerage, telephone, television or water service);
 - 10.1.3 a wall being or not being a party wall in any sense of that term or the *property* being affected by an easement for support or not having the benefit of an easement for support;
 - 10.1.4 any change in the *property* due to fair wear and tear before completion;

- 10.1.5 a promise, representation or statement about this contract, the *property* or the title, not set out or referred to in this contract;
- 10.1.6 a condition, exception, reservation or restriction in a Crown grant;
- 10.1.7 the existence of any authority or licence to explore or prospect for gas, minerals or petroleum;
- 10.1.8 any easement or restriction on use the substance of either of which is disclosed in this contract or any non-compliance with the easement or restriction on use; or
- 10.1.9 anything the substance of which is disclosed in this contract (except a caveat, charge, mortgage, priority notice or writ).
- 10.2 The purchaser cannot *rescind* or *terminate* only because of a defect in title to or quality of the inclusions.
- 10.3 *Normally*, the purchaser cannot make a claim or *requisition* or *rescind* or *terminate* or require the vendor to change the nature of the title disclosed in this contract (for example, to remove a caution evidencing qualified title, or to lodge a plan of survey as regards limited title).
- 11 Compliance with work orders**
- 11.1 *Normally*, the vendor must by completion comply with a *work order* made on or before the contract date and if this contract is completed the purchaser must comply with any other *work order*.
- 11.2 If the purchaser complies with a *work order*, and this contract is *rescinded* or *terminated*, the vendor must pay the expense of compliance to the purchaser.
- 12 Certificates and inspections**
- The vendor must do everything reasonable to enable the purchaser, subject to the rights of any tenant –
- 12.1 to have the *property* inspected to obtain any certificate or report reasonably required;
- 12.2 to apply (if necessary in the name of the vendor) for –
- 12.2.1 any certificate that can be given in respect of the *property* under *legislation*; or

- 12.3 to make 1 inspection of the *property* in the 3 days before a time appointed for completion.
- 13 Goods and services tax (GST)**
- 13.1 Terms used in this clause which are not defined elsewhere in this contract and have a defined meaning in the *GST Act* have the same meaning in this clause.
- 13.2 *Normally*, if a *party* must pay the price or any other amount to the other *party* under this contract, GST is not to be added to the price or amount.
- 13.3 If under this contract a *party* must make an adjustment or payment for an expense of another party or pay an expense payable by or to a third party (for example, under clauses 14 or 20.7) –
- 13.3.1 the *party* must adjust or pay on completion any GST added to or included in the expense; but
- 13.3.2 the amount of the expense must be reduced to the extent the party receiving the adjustment or payment (or the representative member of a GST group of which that party is a member) is entitled to an input tax credit for the expense; and
- 13.3.3 if the adjustment or payment under this contract is consideration for a taxable supply, an amount for GST must be added at the *GST rate*.
- 13.4 If this contract says this sale is the supply of a going concern –
- 13.4.1 the *parties* agree the supply of the *property* is a supply of a going concern;
- 13.4.2 the vendor must, between the contract date and completion, carry on the enterprise conducted on the land in a proper and business-like way;
- 13.4.3 if the purchaser is not registered by the date for completion, the *parties* must complete and the purchaser must pay on completion, in addition to the price, an amount being the price multiplied by the *GST rate* ("the retention sum"). The retention sum is to be held by the *depositholder* and dealt with as follows –
- if *within* 3 months of completion the purchaser *serves* a letter from the Australian Taxation Office stating the purchaser is registered with a date of effect of registration on or before completion, the *depositholder* is to pay the retention sum to the purchaser; but
 - if the purchaser does not *serve* that letter *within* 3 months of completion, the *depositholder* is to pay the retention sum to the vendor; and
- 13.4.4 if the vendor, despite clause 13.4.1, *serves* a letter from the Australian Taxation Office stating the vendor has to pay GST on the supply, the purchaser must pay to the vendor on demand the amount of GST assessed.
- 13.5 *Normally*, the vendor promises the margin scheme will not apply to the supply of the *property*.
- 13.6 If this contract says the margin scheme is to apply in making the taxable supply, the *parties* agree that the margin scheme is to apply to the sale of the *property*.
- 13.7 If this contract says the sale is not a taxable supply –
- 13.7.1 the purchaser promises that the *property* will not be used and represents that the purchaser does not intend the *property* (or any part of the *property*) to be used in a way that could make the sale a taxable supply to any extent; and

- 13.7.2 the purchaser must pay the vendor on completion in addition to the price an amount calculated by multiplying the price by the GST rate if this sale is a taxable supply to any extent because of –
- a breach of clause 13.7.1; or
 - something else known to the purchaser but not the vendor.
- 13.8 If this contract says this sale is a taxable supply in full and does not say the margin scheme applies to the *property*, the vendor must pay the purchaser on completion an amount of one-eleventh of the price if –
- 13.8.1 this sale is not a taxable supply in full; or
- 13.8.2 the margin scheme applies to the *property* (or any part of the *property*).
- 13.9 If this contract says this sale is a taxable supply to an extent –
- 13.9.1 clause 13.7.1 does not apply to any part of the *property* which is identified as being a taxable supply; and
- 13.9.2 the payments mentioned in clauses 13.7 and 13.8 are to be recalculated by multiplying the relevant payment by the proportion of the price which represents the value of that part of the *property* to which the clause applies (the proportion to be expressed as a number between 0 and 1). Any evidence of value must be obtained at the expense of the vendor.
- 13.10 *Normally*, on completion the vendor must give the recipient of the supply a tax invoice for any taxable supply by the vendor by or under this contract.
- 13.11 The vendor does not have to give the purchaser a tax invoice if the margin scheme applies to a taxable supply.
- 13.12 If the vendor is liable for GST on rents or profits due to issuing an invoice or receiving consideration before completion, any adjustment of those amounts must exclude an amount equal to the vendor's GST liability.
- 13.13 If the purchaser must make an *RW payment* the purchaser must –
- 13.13.1 at least 5 days before the date for completion, *serve* evidence of submission of an *RW payment* notification form to the Australian Taxation Office by the purchaser or, if a direction under clause 4.3 has been *served*, by the transferee named in the transfer *served* with that direction;
- 13.13.2 produce on completion a *settlement cheque* for the *RW payment* payable to the Deputy Commissioner of Taxation;
- 13.13.3 forward the *settlement cheque* to the payee immediately after completion; and
- 13.13.4 *serve* evidence of receipt of payment of the *RW payment*.

14 Adjustments

- 14.1 *Normally*, the vendor is entitled to the rents and profits and will be liable for all rates, water, sewerage and drainage service and usage charges, land tax, levies and all other periodic outgoings up to and including the *adjustment date* after which the purchaser will be entitled and liable.
- 14.2 The *parties* must make any necessary adjustment on completion.
- 14.3 If an amount that is adjustable under this contract has been reduced under *legislation*, the *parties* must on completion adjust the reduced amount.
- 14.4 The *parties* must not adjust surcharge land tax (as defined in the Land Tax Act 1956) but must adjust any other land tax for the year current at the *adjustment date* –
- 14.4.1 only if land tax has been paid or is payable for the year (whether by the vendor or by a predecessor in title) and this contract says that land tax is adjustable;
- 14.4.2 by adjusting the amount that would have been payable if at the start of the year –
- the person who owned the land owned no other land;
 - the land was not subject to a special trust or owned by a non-concessional company; and
 - if the land (or part of it) had no separate taxable value, by calculating its separate taxable value on a proportional area basis.
- 14.5 If any other amount that is adjustable under this contract relates partly to the land and partly to other land, the *parties* must adjust it on a proportional area basis.
- 14.6 *Normally*, the vendor can direct the purchaser to produce a *settlement cheque* on completion to pay an amount adjustable under this contract and if so –
- 14.6.1 the amount is to be treated as if it were paid; and
- 14.6.2 the *cheque* must be forwarded to the payee immediately after completion (by the purchaser if the *cheque* relates only to the *property* or by the vendor in any other case).
- 14.7 If on completion the last bill for a water, sewerage or drainage usage charge is for a period ending before the *adjustment date*, the vendor is liable for an amount calculated by dividing the bill by the number of days in the period then multiplying by the number of unbilled days up to and including the *adjustment date*.
- 14.8 The vendor is liable for any amount recoverable for work started on or before the contract date on the *property* or any adjoining footpath or road.

- 16.4 The legal title to the *property* does not pass before completion.
- 16.5 If the vendor gives the purchaser a document (other than the transfer) that needs to be lodged for registration, the vendor must pay the lodgement fee to the purchaser, plus another 20% of that fee.

- 16.7.2 any other amount payable by the purchaser under this contract.
- 16.8 If the vendor requires more than 5 *settlement cheques*, the vendor must pay \$10 for each extra *cheque*.
- 16.9 If any of the deposit is not covered by a bond or guarantee, on completion the purchaser must give the vendor an order signed by the purchaser authorising the *depositholder* to account to the vendor for the deposit.
- 16.10 On completion the deposit belongs to the vendor.

• Place for completion

- 16.11 *Normally*, the *parties* must complete at the completion address, which is –
- 16.11.1 if a special completion address is stated in this contract - that address; or

- 18.3.2 allow the vendor or the vendor's authorised representative to enter and inspect it at all reasonable times.
- 18.4 The risk as to damage to the *property* passes to the purchaser immediately after the purchaser enters into possession.

- 18.5.1 the vendor can before completion, without notice, remedy the non-compliance; and

- 18.5.2 if the vendor pays the expense of doing this, the purchaser must pay it to the vendor with interest at the rate prescribed under s101 Civil Procedure Act 2005.

- 18.6 If this contract is *rescinded* or *terminated* the purchaser must immediately vacate the *property*.

However, if the Occupation Certificate is issued after the Sunset Date but prior to either party exercising its right to rescind, then neither party will be entitled to rescind under this sub-clause.

39.4 Extension of the Sunset Date

39.4.1 The vendor may from time to time extend the Sunset Date by the number of days that the vendor is delayed in completing the Building by reason of any matter or thing including:

39.4.1.1 inclement weather;

39.4.1.2 industrial conditions;

39.4.1.3 latent conditions of the land;

39.4.1.4 repudiation or abandonment by a contractor;

39.4.1.5 change in the law;

39.4.1.6 directions by or the requirements of any of the Council or any other competent authority or person;

39.4.1.7 delays in obtaining any approval or consent required with respect to the Building including but not limited to approval for occupancy and use for intended purposes; and

39.4.1.8 any other matter beyond the vendor's control.

39.4.2 The Project Manager, acting as an expert, will determine whether the vendor is entitled to extend the Sunset Date from time to time pursuant to this clause and that determination will be final and binding.

39.4.3 Extension of time under this clause 39 cannot result in the Sunset Date being extended by more than a total of 12 months in aggregate.

39.5 No Claims

The purchaser must not make any objection, requisition, claim or rescind, terminate or attempt to rescind, terminate or refuse to complete or threaten not to complete this contract as a result of anything arising out of this clause.

40 Finishes and Fittings

40.1 Subject to clause 40.2, the vendor must cause the property to be finished as specified in the Schedule of Finishes attached to this contract; and cause to be installed in the property the items specified in the Schedule of Finishes.

40.2 Without notice to the purchaser, the vendor may change:

40.2.1 any finish specified in the Schedule of Finishes to another finish of equivalent quality; and

40.2.2 any item to be installed in the property as specified in the Schedule of Finishes to another item of equivalent quality.

41 Variation of Documents

41.1 Vendor's Rights

41.1.1 The purchaser acknowledge that the draft Documents in this contract are draft documents only and may be amended from time to time prior to completion without consent of the purchaser.

41.1.2 After the date of this contract, the vendor may make variation to the Draft Documents.

41.1.3 From the date of the vendor's notice, the document which is affected by the variation is deemed to be varied, modified or amended as provided in the vendor's notice; and replaced by the varied, modified, attached to or amended document and attached to this contract.

41.2 Limitation on purchaser's rights

The purchaser must not make any requisition or claim, delay completion or rescind or terminate this contract in respect of any variation to the draft documents unless the changes have detrimentally affected the property to a substantial extent.

42 Vendor's Obligations to Repair

42.1 Major Defects

42.1.1 The vendor must before completion, in a property and workmanlike manner and at the vendor's expense, amend, rectify and make good any Major Defect of which notice served by the purchaser before completion.

42.1.2 An Occupation Certificate is conclusive evidence that there are no defects which make the property uninhabitable.

42.2 Other Defects

42.2.1 The purchaser acknowledges and accepts that the property may be subject to minor defects or faults at the date of completion. The vendor agree that it will make good within a reasonable time after the notice period referred to clause 42.2.1.2:

42.2.1.1 any defect or faults due to faulty materials or workmanship which may appear in the property prior to the date of completion; and

42.2.1.2 defects or faults due to faulty materials or workmanship (excluding minor shrinkage and minor settlement cracks and defects or faults due to wear and tear) in the property notifies in writing from the purchaser to the vendor within the Defects Period.

42.2.2 The vendor is not responsible for any defects or faults which are notified after the expiry of the Defect Period, nor is the vendor required or obliged prior to completion to make good any such defects or faults unless the fault or defect is a Major Defect.

42.2.3 The purchase must only serve one notice with photos of the defects to the vendor and the notice must be served during the Defect Period.

43 Expert Determination

If any dispute arises in connection with clauses 40 and 42, then

43.1 the purchaser cannot make a claim, requisition, delay completion, rescind or terminate this contract but must complete this contract; and

43.2 either party may, within 30 days after the completion date (but not later), refer the dispute for determination by an expert determinator (acting as an expert and not as an arbitrator) agreed upon by the parties within such expert decision to be final, conclusive and binding on the parties, and the costs of such determination must be borne by the party against whom the determination is made, or if there is no such person by the party whom the expert determines is or are to bear the costs.

44 Notice to Complete

44.1 If completion does not occur on or before 4 pm on the completion date, at any time either party (not them being in default under this contract) may serve on the other a notice to complete requiring completion of this contract before the expiry of a period not being less than 14 days from the date of issue of the notice to complete;

44.2 Despite any rule of law or equity to the contrary, the vendor and the purchaser agree that any notice to complete under this contract will be reasonable as to time if a period

of 14 days from the date of service of the notice is allowed for completion;

- 44.3** If the vendor is entitled to issue, and does issue, a notice to complete, the purchaser will on completion of this contract pay to the vendor the amount of \$330.00 representing the vendor solicitors' additional legal costs of issuing such notice to complete.

45 Late Completion

In the event that completion is not effected on the nominated day for settlement (or if the vendor cannot settle on that day then the third day after written notice from the vendor that the vendor is able to settle) then, in addition to any other sums payable hereunder and without prejudice to the vendor's rights under the contract, the purchaser shall pay to the vendor:

- 45.1** interest on the balance of the purchase price at the rate of 10% per annum calculated on daily rests from the date nominated for completion until and including the actual day of completion (both inclusive) such amount to be paid as an adjustment in favour of the vendor on completion; and
- 45.2** the sum of \$330.00 to take into account legal costs and other expenses as consequence of the delay.

The interests and costs payable pursuant to this clause are a genuine pre-estimate of the vendor's loss as a result of the purchaser's failure to complete in accordance with this contract. It is an essential term and the purchaser is not entitled to require the vendor to complete unless such interest and costs are paid.

46 Deposit Payment

If the vendor, at his sole and absolute discretion, agrees that an amount less than the full 10% deposit is payable by the purchaser on exchange of contracts, the vendor and purchaser agree that full 10% full deposit is to be paid as follows:

- 46.1** The amount as agreed between the vendor and purchaser to be paid on exchange; and
- 46.2** The balance of the 10% deposit to be paid on or before the Completion date, and in this time is of the essence;

and provided notwithstanding this clause that the full 10% deposit or balance outstanding thereof shall be immediately due and payable by the purchaser to the vendor upon any default by the purchaser under the terms of this contract and in any such case may be covered by the vendor from the purchaser as a liquidated debt.

47 Investment of Deposit

47.1 If this contract says the deposit is to be invested and the parties agree to invest the deposit, the deposit holder must invest the deposit (at the risk of the party who becomes entitled to it) with a bank, building society or credit union, in an interest-bearing account in NSW, with interest to be reinvested, and after deduction of all property government taxes and financial institution charges

and other charges, pay the interest to the purchaser and the vendor equally if this contract completes or to the party who is entitled to the deposit, if this contract is rescinded or terminated.

47.2 The parties direct the deposit holder:

47.2.1 at the request of the vendor, to withdraw the deposit and interest on it in anticipation of settlement; and

47.2.2 to withdraw the deposit and interest on it on rescission or termination of this contract.

48 Finance

The purchaser confirms and warrants to the vendor that the purchaser has at the date hereof obtained approval or been able to obtain approval for credit to finance the purchase of the property the subject of this contract on terms which are reasonable to the purchaser.

49 Foreign Investments Review Board (FIRB)

49.1 The purchaser represents and warrants to the vendor that:

49.1.1 The Treasurer cannot prohibit and has not prohibited the transfer the *property* to the purchaser under the *Foreign Acquisitions and Takeovers Act 1975* (Cth); and

49.1.2 The purchaser is not domiciled in a jurisdiction that does not recognise common law.

49.2 If the Treasurer cannot prohibit the transfer of the *property* to the purchaser under the *Foreign Acquisitions and Takeovers Act 1975* (Cth) because the purchaser has obtained approval of the Treasurer to the transfer, then:

49.2.1 The purchaser shall provide a copy of the approval to the vendor on exchange of contracts;

49.2.2 The purchaser warrants that the copy of the approval provided is a true copy of the approval; and

49.2.3 The purchaser warrants the approval is lawful, valid and current.

49.3 The purchaser agrees that its warranties under this clause 43 are essential terms of this contract, a breach of which will entitle the vendor to terminate this contract pursuant to clause 9.

49.4 The vendor discloses to the purchaser that at the date of this contract it does not have the approval of the Treasurer to sell to foreign interests.

50 Loss of Capacity

If the purchaser:

a) being an individual (and, if comprising more than one person, anyone or more of them),

i. dies, or

- ii. become incapable because of unsoundness of mind to manage the purchaser's own affairs or commits an act of bankruptcy or is declared bankrupt, enters into any scheme with makes an assignment for the benefit of creditors; or
- b) being a company, resolves to go into liquidation or has a summons or application presented or an order made for its winding up or has a liquidator, provisional liquidator, administrator, officer manager, receiver or receiver and manager or trustee appointed over the whole or part of its assets or undertaking, or enters into a deed of arrangement, assignment or composition for the benefit of creditors;

then the Vendor may rescind the contract.

51 Release of Deposit for Payment of a Deposit and Stamp Duty

The purchasers agree and acknowledge that by their execution of this contract they irrevocably authorise the vendor's agent to release to the vendors such part of the deposit moneys as the vendors shall require to use for the purpose of a deposit and/or stamp duty on any piece of real estate that the vendors negotiate to purchase between the date hereof and the date of settlement hereof.

52 Adjustments

52.1 If at completion a separate assessment of land tax, council rates or water and sewerage rates has not been issued for the property or for the Development Site for either the year current at completion (in respect of land tax and council rates) or the quarter current at completion (in respect of water and sewerage rates) the parties must adjust the following amounts on completion, as if they were paid:

\$2,500 for land tax for the year;

\$2,000 for council rates for the year; and

\$350 for water and sewerage rates on the quarter.

on the basis that the vendor will pay the relevant assessments when they are received following completion.

52.2 The parties are not required to make any further adjustment of land tax, council rates or water and sewerage rates when those assessment issue.

52.3 In the event that the outgoings and/or other payable amounts are not adjusted correctly on settlement, the purchaser undertakes to reimburse the vendor the appropriate amount upon request. This clause shall not merge on completion.

53 Swimming Pool

If the property contains a swimming pool, then:

53.1 The purchaser accepts the swimming pool, its surrounds and any fencing in their present

condition and state of repair and will not be entitled to make any objection, requisition or claim for compensation in relation hereto.

53.2 the vendor does not warrant that the swimming pool on the property complies with the requirements imposed by the *Swimming Pool Act 1992* and the regulations prescribed under the Act. In particular, notwithstanding any notices that may be issued from any competent authority, the purchaser shall not be entitled to require any ratification work to be carried out to any existing fence or the construction of any pool fence if no pool fence is in existence.

53.3 The purchaser agrees that after the completion the purchaser will comply with the requirements of the Act and regulations relating to access to the swimming pool, fencing and the erection of a warning notice and this special condition shall not merge upon the completion of this contract.

53.4 The purchaser cannot make any claim or raise any requisition whatsoever in relation to the swimming pool or any non-compliance with the *Swimming Pool Act 1992* or other relevant legislation.

54 Guarantee

54.1 This clause applies if the purchaser is a proprietary company.

54.2 For the purposes of this agreement "covenanter" means the directors and those holding shares in the capital of the purchaser. The obligations of those who comprise the covenanter will be joint and several.

54.3 In consideration of the vendor at the request of the covenanter entering into this agreement, the covenanter:

54.3.1 Covenants with the vendor that the covenanter will be with the purchaser jointly and severally liable to the vendor for the due performance of all the terms and conditions on the part of the purchaser contained in this agreement; and

54.3.2 Guarantees to the vendor the punctual payment of all money payable by the purchaser under this agreement and the performance of the terms and conditions of this agreement.

54.4 If, for any reason this agreement is not enforceable by the vendor against the purchaser, in whole or part, the covenanter will indemnify the vendor against all loss, including all money which would have been payable by or recoverable from the purchaser and this agreement been enforceable against the purchaser.

55 Holiday Period

Where the completion date under this Contract falls due on or after 23rd December and on or before 10th January in any given year, the completion date shall be deemed to be the first business day after 13th January in the relevant year ("Holiday Period").

55.1 A Notice to Complete issued less than 14 days before the commencement of the Holiday

Period cannot stipulate a date for completion earlier than the end of the Holiday Period.

55.2 Neither party may issue a Notice to Complete during the Holiday Period.

55.3 If completion does not take place prior to the commencement of the Holiday Period, and the Vendor is otherwise ready, able and willing to complete, interest payable by the Purchaser will be calculated from the completion date to the actual date of completion after the Holiday Period and shall exclude the Holiday Period.

The Purchaser cannot make any requisition, delay completion, rescind or terminate this Contract because of any matter referred to in this clause.

56 Occupation before Completion

The parties agree that should the Vendor allow the purchaser to occupy the property prior to completion and no rental fee is agreed in writing, then the amount shall be 0.1% of purchase price herein per week until completion and should completion not be effected in accordance with the completion date then this amount shall be increased to 0.2% of the price herein. The parties further agree that the Council and Water Rates shall be adjusted from the date of the purchasers occupation.

57 Completion Date

Completion Date means the date which is the later of:

- a) 42 days after the date of this contract; or
- b) 14 days after the date upon which the vendor serves on the purchaser an Occupation Certificate; or
- c) 14 days after the land subdivision has been registered.

58 Caveat

58.1 The purchaser must not lodge any caveat over the Development Site, but may lodge a caveat over the property after the certificate of title for the property has been issued.

58.2 The purchaser must complete this contract even if a caveat has been lodged over the property by any person claiming through or under the purchaser.

59 Encumbrance

If a mortgage or caveat is recorded on the folio of the register for the property, the purchaser must,

on completion, accept a discharge of that mortgage or a withdrawal of the caveat in so far it relates to the property.

60 Assignment

60.1 The purchaser must not assign its rights under this contract without first obtaining the prior written consent of the vendor.

60.2 The purchaser must not assign its obligations under this contract.

60.3 The vendor may at its discretion mortgage or grant a charge over this contract or assign its rights under this contract without prior consent of the purchaser.

60.4 If required by the vendor, the purchaser agrees to sign and deliver to the vendor a covenant in the form of a deed poll in favor of an assignee of the vendor by the assignee for the performance by the assignee of all of the vendor's covenants and obligations contained in and remaining to be performed by the vendor in this contract.

60.5 The purchaser releases the vendor from the performance by the vendor of its covenants and obligations contained in this contract and arising to be performed by the vendor after the date of the assignment.

60.6 The provision of this clause does not merge on completion.

61 Governing Law and Jurisdiction

This contract shall be construed and enforced according to the law of the State of New South Wales and the vendor and the purchaser agree to submit to the non-exclusive jurisdiction of the courts of New South Wales.

62 Further Assurance

Each party must do all things and execute all further documents necessary to give full effect to this agreement.

63 English

Any notice or other communication given under this agreement must be in legible writing and in English.

64 Statutory Powers

The powers of the vendor under this agreement are in addition to the powers the vendor has under

applicable law. To the extent not prohibited by law, before enforcing this agreement, or exercising any right, power, authority, discretion or remedy, the vendor is not required to give any notice or allow the expiration of any time to any person.

65 Power of Attorney

If this agreement is executed by an attorney of a party under a power of attorney, that attorney is taken to have declared that her or she has no notice of the revocation of the power of attorney. If an attorney signs this document on behalf of a purchaser, the purchaser must provide the vendor with a copy of the power of attorney, registered with the Land and Property Information, no later than 5 business days after the date of this contract.

66 GST

66.1 The price includes GST.

66.2 The parties agree that the vendor will calculate GST under the margin scheme.

66.3 The purchaser acknowledges that the purchaser will not be entitled to claim any input tax credit in respect of the GST paid by the purchaser (which is included in the price) and the vendor is not required to give the purchaser a tax invoice.

66.4 If a party is obliged to make a payment under an indemnity or is required to reimburse a party for a cost (for example, a party's obligation to pay another party's legal costs) on which that other party must pay GST, the indemnity or reimbursement is for the cost plus all GST (except any GST for which that party can obtain an input tax credit).

D. On-going

The approved parking must be used exclusively for car parking as approved for the life of the development.

10. Drainage Design - Detailed Requirements

A. Design

The stormwater drainage system must be designed in accordance with the approved stormwater drainage design drawing, Australian Standard AS3500.3:2003 and the BASIX Certificate issued for this development. Except where modified by the following:

- i) The rainwater tanks must have a minimum capacity of 5m³ per dwelling. The tanks must be located below the driveway pavement, adjacent to the garage doors.
- ii) The pipelines within the site frontage must be located adjacent to the east and west side boundaries, and must not run under the existing tree in the site frontage being retained.
- iii) Harvested rainwater must be used for irrigation, toilet flushing and a cold water tap in the laundry for clothes washing.
- iv) The pipeline within the footpath verge must be a hot dipped galvanised steel hollow section with a minimum wall thickness of 4.0 millimetres, maximum section width of 125mm and a maximum section height of 75mm.

B. Before Construction

Certification from an Accredited Certifier in Civil Engineering or a Chartered Civil Engineer, to the effect that the drainage design is to their satisfaction and satisfies the design requirements in "A" above must accompany the application for a Construction Certificate.

C. Before Occupation

Prior to the issue of an Occupation Certificate:

- i) A Works-As-Executed drawing (WAED) of the stormwater drainage system must be prepared by a Registered Surveyor. This drawing must detail the alignment of pipelines, pits and the rainwater tanks. An original or a colour copy must be submitted to Sutherland Shire Council.
- ii) The Supervising Engineer must certify the WAED of the stormwater drainage system that the stormwater drainage works, rainwater harvesting facility and rainwater reuse systems were constructed to their satisfaction and in accordance with the Development Consent. Prior to the occupation or use of the building the Applicant / Owner must submit to Council a copy of the aforementioned letter of certification.

D. Ongoing

The operation of all devices or appliances installed within the development approved by this consent as required by conditions pertinent to rainwater harvesting and rainwater reuse must be maintained in good operating order at all times.

Note: Upon submission of the Works-As-Executed drawing for the stormwater drainage system a notation will be added to the section 149(5) certificate advising future owners that their property is burdened by a stormwater retention facility, installed to fully / partly off-set provision of a detention facility.

11. Public Utilities

This condition is imposed to facilitate the provision of services to the development and reduce conflicts between services and lot boundaries, buildings or associated facilities.

A. Before Construction

Suitable arrangements must be made with all relevant utility service providers to ensure the development is appropriately serviced by electricity, gas, telecommunications (including NBN) and the like, and any necessary underground conduits are provided. The Australian Government has issued a new policy on the provision of telecommunications infrastructure in new development. This policy is effective from 1 March 2015. Developers are responsible for providing telecommunications infrastructure in their developments. To provide this infrastructure, developers need to contract a carrier to install and operate a telecommunications network. NBN is the IPOLR (infrastructure provider of last resort). NBN require 6 months' notice in order to make the network available.

A copy of the agreements/contracts with the utility providers must form part of the supporting construction certificate documentation.

B. Before Occupation/Subdivision

Prior to issue of any Occupation/Subdivision certificate, certification must be provided from each utility service provider/approved agent to the effect that each lot has been serviced to their satisfaction.

Prior to the issue of any Occupation/Subdivision certificate, evidence satisfactory to the Certifying Authority that arrangements have been made for:

- i) The installation of fibre-ready facilities (conduits and pits) to all individual lots and/or premises/dwelling to enable fibre to be readily connected to any premises that is being or may be constructed on those lots. Certification from each carrier/provider must be provided to the PCA that they are satisfied that the fibre ready facilities are fit for purpose.
- ii) The provision of fixed-line telecommunications infrastructure (cables) in the fibre-ready facilities to all individual lots and/or premises/dwellings must be installed and certification from the carrier/provider must be provided to the PCA stating that the infrastructure has been provided and to their satisfaction.

- iii) Installation of gas and/or electricity must be constructed/installed by the utility service provider/approved agent to each allotment. Certification must be provided from each provider/agent stating that all allotments have been serviced to their satisfaction.
- iv) WAE drawings must to be prepared by a registered surveyor detailing location and depth of conduits/pits and connection points/ties within allotments. A copy of the WAE drawings must form part of any Occupation/Subdivision certificate documentation.

Note: Should these requirements result in any significant change to the approved design an application must be made to modify the consent under s.96 of the Environmental Planning and Assessment Act.

12. Linen Plan of Subdivision to conform with Development Consent

A. Before Subdivision

The Linen Plan of Subdivision must conform with this development consent.

All works required by this development consent must be completed prior to the release of a subdivision certificate.

13. Easements - Subdivision

A. Before Subdivision

Prior to subdivision a reciprocal right of carriageway must be created over the rights of carriageway within relevant allotments.

The easements and terms thereof must be created under the provisions of s.88B of the Conveyancing Act, 1919.

14. Endorsement and Release of the Subdivision Certificate

To facilitate the issue of a Subdivision Certificate, following completion of the requirements detailed in this Development Consent a Subdivision Certificate Application is to be made to Council or an Appropriately Accredited Certifier. This application must include all documentation required for ultimate lodgement with Land Property Information NSW.

Note: A Subdivision Certificate application form can be found on Council's website.

15. Landscape Works

A. Design

The landscaping works must be designed in accordance with the approved Landscape Plan except where modified by the following:

- i) Sutherland Shire Council's Development Control Plan 2015 requires a minimum of 4 indigenous trees to be planted on site, 2 in the front setback and 2 in the rear setback. Trees to be planted within the front setback are to be selected from A and B in the table below. Trees to be planted in the rear setback are to be selected from C and D in the table below. The trees selected must be planted within 3m of the front or rear boundary of the subject property and not within 3m of a building or proposed building or swimming pool.

	Botanical name	Common name
A	Eucalyptus haemastoma	Scribbly Gum
B	Melaleuca linariifolia	Snow In Summer
C	Elaeocarpus reticulatis	Blueberry Ash
D	Banksia ericifolia	Heath Banksia

- ii) Tree Protection Zones (TPZ) must be shown on plan for all existing trees that are to be retained. Any other natural features being retained, such as rock outcrops, must also be suitably protected/guarded from damage during the building works.
- iii) Trees must have a minimum container size of 5 litres.
- iv) Any trees planted within turfed areas are to be staked, mulched and suitably edged. The minimum size for such contained and edged planters is 900mm x 900mm.

The applicant must engage a suitably qualified Landscape Designer or Landscape Architect to oversee any design changes to the approved Landscape Plan and amendments required above. Details of these design changes must be included in the documentation submitted with the application for a Construction Certificate.

Notes:

A Landscape Designer is a person eligible for membership of the Australian Landscape Designers and Managers and a Landscape Architect is a person eligible for membership of the Australian Institute of Landscape Architects as a Registered Landscape Architect.

If demolition works to occur prior to the Construction Certificate being issued, tree protection measures must be installed prior to commencement of demolition.

B. Prior to Occupation/Occupation Certificate

The landscape works must be completed in accordance with the approved Landscape Plan and amendments required by 'A' above. A Final Landscape Inspection must be carried out and a certificate issued by Council's landscape officer prior to occupation or the issue of an Occupation Certificate (interim or final). This certificate is required to ensure that all tree protection measures, landscaping works, replacement tree planting and the deep soil percentage requirements have been carried out in accordance with 'A' above and other conditions within this consent, and that all new indigenous plants on the site and within the road reserve are the correct species.

To arrange a Final Landscape Inspection please phone 9710-0333 48 hours prior to the required inspection date. An inspection fee of \$230 is required to be paid, prior to the inspection. Additional inspections will be charged at a rate of \$103 each.

C. Ongoing

All landscaping works required by 'A' above must be maintained for 12 months following the final landscape inspection date. Trees required by this condition must be maintained and protected until they are covered by Council's Controls for Preservation of Trees and Bushland Vegetation (SSCDP 2015 Chapter 38).

Any plants found faulty, damaged, diseased or dead shall be replaced with the same species in the same sized container within one month with all costs borne by the owner.

Note: If difficulty is experienced sourcing suitable indigenous plants from other suppliers, plants grown from locally provenance seed may be available from:

Sutherland Shire Council Nursery

- iv) Any tree species exempted by the Sutherland Shire Local Environmental Plan 2015.

All other vegetation that would require approval to be removed must be protected.

B. Design

- i) Five (5) trees are approved for removal as part of this consent. Where trees are proposed to be removed Sutherland Shire Council requires indigenous replacement canopy tree planting at a ratio of 8:1 on private land (dual occ / medium / high density) (Council Resolution EHR003-17 of 18 July 2016).
- ii) Eight (8) replacement trees are required to be planted.
In determining this application, the extent of compensatory planting has been reduced as the development has been sensitively designed to maintain existing trees such that it makes a positive contribution to the local landscape character.
- iii) Trees must have a minimum container size of 5 litres.

An amended Landscape Plan/Tree Location Plan showing the location of all replacement trees on the site and/or in the street must be provided prior to the release of the Construction Certificate.

Note: For the eight (8) replacement trees required by “B ii)”, Council offers offsite planting under a ‘Deed of Agreement’ as an alternative to on site planting, at a cost in accordance with Council's fees & charges per tree. Offsite planting will be undertaken as part of Council's Green Street Program. ‘Deed of Agreement’ forms can be downloaded from Council's website at www.sutherlandshire.nsw.gov.au/Development/Development-Applications/Off-Site-Tree-Replacement-and-Deed-of-Agreement <<http://www.sutherlandshire.nsw.gov.au/Development/Development-Applications/Off-Site-Tree-Replacement-and-Deed-of-Agreement>>.

These specifications include the provision of a timber border, tree cage, staked with star pickets and mulching of the trees. This is in accordance with Council's 4:1 replacement policy for street trees (Sutherland Shire Council's Development Control Plan).

An amended Landscape Plan/Tree Location Plan showing the location of all replacement trees in the street must be provided prior to the release of the Construction Certificate.

B. Ongoing

Street trees must be maintained and protected until they are covered by Council's Controls for Preservation of Trees and Bushland Vegetation (SSCDP Chapter 38 part 4). Any replacement trees found damaged, dying or dead must be replaced with the same species in the same container size within 1 month with all costs to be borne by the owner.

C. Prior to Occupation/Occupation Certificate

The tree planting must be completed in accordance with the requirements in 'A' above / the approved Landscape Plan/Tree Location Plan. A Final Landscape Inspection must be carried out and a certificate issued by Council's landscape officer prior to occupation or the issue of an occupation certificate (interim or final). B. Ongoing

- i) The unit must be operated in accordance with 'A' above.
- ii) Between the hours of 10.00pm and 8.00am on weekends and public holidays and 10.00pm and 7.00am any other day, noise emitted must not be heard within any residence with its windows and/or doors open or closed.

21. Demolition Work

To ensure that demolition of structures is carried out in an environmentally acceptable and safe manner:

A. Before Commencement

If works involve the removal of more than 10 square metres of asbestos material, a bonded asbestos licence is required. A friable asbestos licence is required to remove, repair or disturb any amount of friable asbestos. For further information contact SafeWork NSW.

23. Sydney Water Requirements & Section 73 Compliance Certificate

A. Before Any Works

Prior to the commencement of any works on site, including demolition or excavation, the plans approved as part of the Construction Certificate must also be approved by Sydney Water. This allows Sydney Water to determine if sewer, water or stormwater mains or easements will be affected by any part of your development. Customers will receive an approval receipt which must be included in the Construction Certificate documentation.

Please refer to the web site www.sydneywater.com.au.

B. Before Occupation / Subdivision Certificate

Prior to the issue of an Occupation Certificate or a Subdivision Certificate a Compliance Certificate under Section 73 of the Sydney Water Act, 1994, must be submitted to Council by the Principal Certifying Authority. Sydney Water may require the construction of works and/or the payment of developer charges. This assessment will determine the availability of water and sewer services, which may require extension, adjustment or connection to the mains.

Sydney Water Advice on Compliance Certificates:

Sydney Water will assess the development and if required will issue a Notice of Requirements letter detailing all requirements that must be met. Applications can be made either directly to Sydney Water or through a Sydney Water accredited Water Servicing Coordinator. Please make early contact with the Coordinator, since building of water / sewer extensions can be time-consuming and may impact on other services as well as building, driveway or landscaping design.

Go to www.sydneywater.com.au/section73 or call 1300 082 746 to learn more about applying through an authorised WSC or Sydney Water.

24. Dial Before You Dig

A. Before Construction

Underground assets may exist in the area that is subject to your application. In the interests of health and safety and in order to protect damage to third party assets please contact Dial Before You Dig at www.1100.com.au or telephone on 1100 before excavating or erecting structures (this is the law in NSW).

It is the individual's responsibility to anticipate and request the nominal location of plant or assets on the relevant property via contacting the Dial before you dig service in advance of any construction or planning activities.

25. Noise Control and Permitted Hours for Building and Demolition Work

Consumer Building Guide

Mandatory information for consumers

Builders and tradespeople must give you a copy of this guide before entering into a contract for residential building work that costs more than \$5,000. Read this guide to help protect your rights, carry out your responsibilities and support your building project.

Protecting consumers under home building laws

NSW Fair Trading is the NSW Government agency regulating residential building work (including building or trade work on single dwellings, villas, houses and home units) under the *Home Building Act 1989*.

What to consider before work starts

Licensing

Licensing requirements include:

- tradespeople and builders carrying out residential building work valued at more than \$5,000 must be licensed by NSW Fair Trading (check a licence on the Fair Trading website or by calling 13 32 20)
- regardless of the work's cost, a licence is always required for specialist work (like plumbing, air conditioning and refrigeration, electrical work and gasfitting)
- if the work requires more than one tradesperson, you need a builder to manage the building project and co-ordinate the tradespeople, such as plumbers, painters and carpenters.

Home Building Compensation Scheme

The State Insurance Regulatory Authority (SIRA) regulates home building compensation (HBC) cover in NSW. HBC cover is required where work is worth more than \$20,000 (including labour and materials). The builder or tradesperson must give you evidence of HBC cover before they start work on your project or you pay them any money, including a deposit. For more information or to check the validity of your cover, visit sira.nsw.gov.au or call 13 10 50.

Approvals

To help your building project go smoothly:

- check with your local council or an accredited private certifier on approvals your building work needs
- engage a building certifier. This is your responsibility, not the builder's.

Contracts and payments

All contracts must be in writing. The two main contract types are:

- **fixed price or lump sum** - where the builder or tradesperson agrees upfront to a fixed amount for the whole job. Unforeseen changes during construction may affect the final cost
- **cost plus contract** - there is no guaranteed final cost for the job (often this contract is used where the project's nature prevents the final cost from being calculated). The consumer repays the builder for verified direct and indirect costs and fees at regular intervals. It is good practice for the builder to give a non-binding estimate before starting, and track costs with you against the project's budgeted estimate.

Residential building work **worth less than \$20,000** must be done under a 'small jobs' contract. The written contract must be dated and signed by, or on behalf of, each party. It may specify that work be paid for at regular intervals. It must contain:

- the parties' names, including the name of the holder of the contractor licence as shown on the contractor licence
- the number of the contractor licence
- a description of the work
- any plans or specifications for the work, and
- the contract price, if known.

Residential building work **worth more than \$20,000** requires a full home building contract. As well as all of the requirements of the 'small jobs' contract, it must

include other comprehensive information such as the details of the statutory warranties the builder must provide, the cost of any applicable HBC cover and the contract price or warning that the contract price is not known. Find a **complete list of contract requirements** on our website.

All contracts over \$20,000 in value must have a progress payment schedule. Progress payments must match the work carried out and, for cost plus contracts, be supported by receipts or other verifying documents.

Any change you need to make to a contract is a 'variation'. Variations must be in writing and be signed by both parties to the contract. Almost all will impact the contract price.

The **maximum deposit** you can be asked to pay before work starts is 10%.

Common traps and tricks

Beware of:

- an extremely low quote compared with others. This may indicate the job's quality is being compromised, or that the builder may not fully understand what is required
- 'sales pitches' putting pressure on you to sign a contract quickly to avoid a price increase
- a builder who recommends you get an owner-builder permit while they organise all the building work. The builder may be trying to avoid responsibility and may not have the right kind of licence or HBC cover.

When things go wrong

Statutory warranties

Builders and tradespeople must guarantee that their work is fit-for-purpose, performed diligently and delivered in a reasonable timeframe, in line with the contract. Unless otherwise specified, materials should be new and appropriately used. These warranties are time-limited: legal proceedings to enforce them must be commenced within 6 years for major defects and 2 years

for all other defects. There is another 6 months for both warranty periods if the defect only became apparent after 18 months or 5 and a half years. Find out more about these warranties on the Fair Trading website.

Resolving a dispute with your builder or tradesperson

These steps can help you resolve a dispute:

- **you must notify your builder or tradesperson** and discuss concerns as soon as you become aware of a problem. Follow up with an email or letter
- **understand acceptable work standards** by downloading the *Guide to Standards and Tolerances* from our website
- contact Fair Trading for **free dispute resolution** if you and your builder or tradesperson are unable to resolve the dispute
- lodge a claim with the **NSW Civil and Administrative Tribunal (NCAT)** if you remain unsatisfied with the dispute resolution outcome
- protect your rights under the **HBC Scheme**: contact your insurer or provider as soon as you become aware of defective or incomplete work.
